RARE BOOK

"Then spring the lively herbs, profusely wild,
O'er all the deep green earth, beyond the power
Of botanist to number up the tribes:
Whilst such a liberal hand has Nature flung
Their seeds abroad."

Thomson. "Spring."

There is a lesson in each flower,
A story in each straying shower;
To read aright in nature's book,
Are written words which, rightly read,
Will lead you from earth's vanities,
To hope, and holiness, and God.

Miss Cummins.
